happy holidays!!!

We teamed up with Egyptian artist John Shokry for 12 unique designs for 2023 this is #1. It's going to be a limited edition run, and we will drop one new design each month along with each issue of A&D magazine. We searched the internet for just the right artist that could bring our fans something unique and stylish and John is that guy!

In this issue,

4 models, several outfit changes, the coolest house I've ever been in, plus a Rolls Royce. We shot all day and still barely managed to get everything done. We easily ended up with over 1000 images and worked it all the way down 92 pages. Hope enjoy and visit our new A&D shop!
